VITAMINS

VITAMIN C

One of the most popular antioxidants. It may help destroy cancer cells and supports immune function and fight off illnesses.

GLUTATHIONE

Antioxidant. Reduces cellular damage caused by alcohol and helps the body create energy. Improves insulin resistance in older adults. Decreases inflammation.

VITAMIN B12

A nutrient that helps keep the body's nerve and blood cells healthy. Increases energy levels and concentration, supports the immune system, helps improve sleep patterns, helps improve mood and depression.

B-COMPLEX

Improves liver function and memory. Protects the body's immune system and helps with breaking down fats and carbohydrates into energy. It can have positive effects on hair, skin and nails.

TAURINE

Promotes healthy metabolism, balances electrolytes in the body, aids in lowering mild hypertension, inflammation and anxiety.

ZINC

Increases immunity and helps fight off colds. It facilitates wound healing, helps maintain normal growth rates, normal skin hydration, and the sense of taste and smell.

MAGNESIUM

A mineral that is important in maintaining the function of our nerves, cells, bones, muscles, and heart. Most people get enough magnesium in their normal diet, but sometimes supplementation is needed.

VITAMIN D

Vitamin D is crucial to the building and maintaining healthy bones and teeth.

LIPO PLUS

This is a mix of a fat-burning antioxidants and vitamins that will benefit your weight loss journey.

BIOTIN

Helps with hair loss, brittle nails, and nerve damage.

AMINO BLEND

The combination of these ingredients and the roles they play may aid the body in: Protein metabolism, Cell volumizing, Increase of Human Growth, Increased vitality, Fat metabolism and energy, prevents breakdown of muscle and converts fatty acids into energy.

L-CARNITINE

Carnitine is found in nearly all cells of the body and plays a critical role in fueling the production of energy. It transports toxic compounds out of the cellular organelle, preventing any accumulation. It keeps the body's cells powered and working efficiently.

MEDICATIONS

- Anti-inflammatory and pain relief- Toradol
- Anti-nausea - Zofran or Reglan
